

**NOTES FROM MEETING WITH FEDERATIONS
DURING THE SHOW/PRECISION CHAMPIONSHIPS
BREMERHAVEN, GERMANY – 2 MAY 2015**

Present:- Margaret Brooks, Marco, Faggioli, Teri Sedej, Carsten Steins (CEPA)
Countries :- Denmark, Estonia, France, Germany, Israel, Italy, NL, Portugal, Spain

All countries were very happy with the Organisation, and the venue, but the main problem was the distance of hotels, and asked that in future that CEPA should check with the Organisers on the location of enough hotels for the teams. This was the only problem – everything was exceptionally well prepared, and the venue was great.

The country for the Championships next year is Portugal, and they took note of the request from the Countries about hotels. A date and City would be given later in the year to CEPA.

In 2017 this event will take place 26-29 April, in Mouilleron le Captiff, France.

In 2018 it will take place in Spain

In 2019 it will take place in Italy

The President reported that the World Committee were setting up a Sub-Committee for Precision as they were worried about the lack of countries involved and also the very different programme in Europe compared with the rest of the World. This Committee will consist of one person from Argentina, one from Germany and one from Italy, who will be given guidelines/suggestions as to how to improve the regulations, and that this Committee should produce something to be given out at the World Championships in the hope that it can be put into operation by 2016.

This was agreed by those countries present here in Bremerhaven.

CEPA also advised the meeting that they were considering reducing the time of Youth Groups from 4 mins to 3.30 mins, and this was agreed by all countries with the exception of Italy. CEPA to make an urgent decision on this. **PLEASE NOTE THE CEPA HAVE DECIDED TO CHANGE THE LENGTH NOF THE YOUTH GROUPS FROM 2015 ONWARDS, TO 3.30 +/- 10 SECONDS *******

The President asked the Nations present if they would be sending teams to the World Championships in Cali, and only Italy and Spain confirmed they would be.

She also advised the meeting that Spain would be holding the Cup of Nations, in Lleida, Spain from 29-31 October, and this would be for Large Groups, Small Groups, Quartet, and Youth Groups (this event is not in Worlds but will be included in Cup of Nations).

Brief information on this was given to all Nations present and Spain advised the meeting that within the next 10 days information would be sent to the Nations.

Italy advised the meeting that when Spain do not organise the Cup of Nations, they would organise the World Cup of Show
