## MODIFICATIONS FOR JUNIOR PRECISION 2016

CEPA have made the following modifications to the listed elements for JUNIOR Precision as from January 2016, and these are additions to the current regulations:-

### Music

Required – at least 3 well defined variations of music and tempo

### Required Elements

- One multiple circle with minimum of one rotation
- Line manouvre: the line must be a single line along the long axis and move down the short axis for at least  $\frac{3}{4}$  of the length of the rink.
- Open block – no hold (in any type of configuration) with moves along the longitudinal axis (straight line)
- This block must begin from a stop position (maximum 3 seconds) and come to –
- A stop (maximum 3 seconds).
- It must travel the entire length of the floor
- Elements which **MUST BE** mandatory incorporated in the block:
  - A visible change of edge
  - A chocktaw or a mohawk
  - A inside three
  - A outside three
  - A bracket

These elements can be performed with additional steps.

- Parallel wheel made up of 2 or more extensions/spokes. Minimum one rotation
- Intersection: they must include at least 2 partial intersections where one part of the skaters intersect, and the rest of the group performs another figure.

### Choreographic Stop

A clear visible choreographic stop (10 seconds max.) must be incorporated within the programme (not at the beginning or end). This will characterize and reinforce the musical theme even more.

As at 10 October 2015
